ROWNTREE and ROUNTREE

FAMILY HISTORY

1521 - 1953

The author of this book, Joseph Gus Rountree II, is now more than 79 years of age. He has spent most of his lifetime in tracing the various Rowntree and Rountree family histories and has traveled in 48 states of the United States in doing so. All of the original material on which this book is based is on deposit in the Archives of the University of Texas at Austin, Texas, where it is available for examination by any interested person.

This history also includes, from telephone directories, the names of various Rowntrees and Rountrees living in the United States in 1958. This information may be helpful to them in tracing their ancestors through the various branches of the families back to Colonial times or to Ireland or England.

Only 200 copies of this history are being printed. Those fortunate enough to obtain a copy may be assured of a unique work, since there is no other history like it in the world.

The price of this history is only \$25.00 per copy, postpaid. The author estimates he has spent about four times this sum per copy in collecting the data presented therein.

Send money orders for prompt shipment, as checks will be collected before shipment.
